<p>Murals / Tromp L'oeil (Completely bespoke classical scenes)</p> <p>Marbling Effects</p> <p>Sandstone carving</p>	<p>We guarantee to make each mural unique to the client, rather than using tried and tested templates. That way, you will have a piece of work not seen anywhere else. Even if you are inspired by what you have seen elsewhere, we will keep your own commission unique to you.</p> <p>If you prefer, a wooden or canvas panel system can be built and painted off-site to be installed once dry. (Specification req.)</p> <p>Do you have some modern woodwork or MDF moulding that you want to disguise to be more in keeping with your classically styled room / furniture? We can create an illusion of stone, woodgrain or marble, tailored to your requirements. If you have an effect in mind, show us at your consultation - or indicate your need to be inspired in your initial contact.</p> <p>If you are looking for something unique or bespoke either to mark an occasion or to complement your house / business premises, garden or a wall, commission us to design and create a stone carving to your specifications, or if you are unsure, we will look at the space to be filled and work with you to come up with something that reflects what you / your family / business is about.</p> <p>Depending on size, the work can be carried out either off- or on-site.</p> <p>Please contact us in the first instance via email at info@stripeylizard.co.uk or book some consultation time through our site to commission a unique piece of work.</p> <p>Please note: The above services are not cheap. You will not get a Da Vinci or Hepworth if you only pay for a postcard.</p>
